**REPORT ON THE WORLD ENVIRONMENTAL DAY CELEBRATION -2022 HELD ON 22.06.2022**

On account of World Environmental Day celebration 2022, Sri Manakula Vinayagar Engineering College of Civil Engineering Department has organized a seminar on “Living Sustainably in Harmony with Nature” under the theme “Only One Earth”. The guest speaker was Dr.M.P.Ramanujam, Member, state Higher Education Council (SHEC), Government of Puducherry. The seminar was conducted on 22-06-2022 to create an awareness among the students on the current scenario of environmental problems. In this seminar the consequences due to ecological changes with live examples were shared to the students. The need of global cooperation in various means and ways was put forth in front of the students with case studies in an interactive session. Prizes were distributed to the winners of various events organized on account of environmental day celebration.
